

The University's faculty is a mix of locally and internationally recruited academics with extensive teaching, business and industry experience. They bring years of knowledge gained from research in their respective fields into the classroom providing students with a stimulating academic environment. Classes are small in number, allowing the lecturers to cater to the students' individual needs.

Our students enjoy a vibrant social life on campus with facilities including a Student Representative Council, personal and academic counselling, a well-resourced library, a food court, off campus sporting events and a medical centre. A variety of accommodation options are also available. International students enjoy comprehensive welcome information supplied by our Student Services department and are assisted in settling in a new country. Cultural diversity is encouraged, and a cultural day is hosted annually to showcase the varying heritage of UOWD students.

The University of Wollongong in Dubai maintains a long and proud tradition of excellence in education combined with liberal values of enquiry. UOWD strives to provide a fertile environment for bright young minds to flourish, where critical thinking is both encouraged and nurtured - qualities which characterise great institutes of learning.
