Why Study in Dubai?

- **International recognition of qualifications**
  All degrees offered by UOWD are recognised nationally, regionally and internationally, with accreditation from the UAE Ministry of Education - Higher Education Affairs through the Commission for Academic Accreditation (CAA), licensing from KHDA, and quality assurance from TEQSA Australia.

- **Student internships and graduate employment**
  Dubai Expo 2020 is creating more jobs in industry sectors such as Hospitality & Tourism, Healthcare, Manufacturing, Transport & Logistics and many others. The UAE needs skilled students and qualified graduates to take on these roles.

- **Safety and cultural harmony**
  The UAE is an open and tolerant society recognised as the 3rd safest country in the world, while Dubai is ranked as the 8th safest city according to the 2019 Numbeo Crime Index.

- **Location and airport connectivity**
  Dubai is closer to many home countries in comparison to other education destinations such as the USA, UK, Australia and Canada.

- **Ease of acquiring visas**
  Student visa processing is easier in the UAE when compared to western countries.

- **Cost of living**
  Dubai has a lower cost of living when compared to major metropolitan cites in the USA, UK, Australia and Canada.

From humble beginnings with only 8 students based at Al Mulla Plaza.

2000
Beach Road
To the Jumeirah Campus on Beach Road overlooking the famous ‘Wollongong Beach’.

Modern Day
Current DKP Campus
To our current location in Dubai Knowledge Park, the longest serving international university in the UAE.

2020
The Campus of the Future
Introducing a purpose-built and innovative campus of the future; the new UOWD building launching in 2020 is designed for an outstanding student experience.
The University of Wollongong in Dubai is opening its new purpose-built campus at Dubai Knowledge Park in 2020.

Featuring cutting-edge technologies, modern architecture, and a mix of traditional and innovative learning spaces, the campus will provide an enriched experience to meet the demands of today’s student population, while supporting teaching staff and community research projects. The new facility reflects UOWD’s continued pursuit of excellence in teaching, research, industry engagement and student experience.

The campus will include substantial informal learning and meeting rooms, modern classrooms, an exhibition space, a recruitment lounge, a student lounge, a state-of-the-art auditorium and a café.

The premises will also house major laboratories dedicated to power and circuits systems, chemistry, thermodynamic, fluid and heat transfer, hydraulics, manufacturing, physics, robotics, geotechnics, concrete, media and communications, cybersecurity, networking and gaming.

The heart of the campus will belong to the UOWD library with collaborative learning spaces, traditional quiet reading and study zones, meeting rooms of varied sizes, as well as a student lounge designed as an informal learning space.
**Foundation Courses**

Designed for university preparation, the Foundation Studies Program (FSP) is for students who need additional support to advance their academic skills in order to meet the admission requirements for undergraduate studies. Successful completion provides guaranteed admission to UOWD.
